Metropolitan Memorial Parks

Our lawn monuments consist of a stone headstone and base made to the measurements of the plot and installed at the head of the site on a concrete foundation or an existing beam. Lawn monuments can be installed in both monumental and lawn sections and are a timeless and cost effective option for many families. We offer different designs in different stone colours and finishes to suit your religious and personal preferences to create the perfect memorial for your loved one.

Note: Some areas are built with existing concrete beams.
