

Project update at Woronora Memorial Park and Crematorium

Greek 2 Monumental Lawn

As part of Metropolitan Memorial Parks' ongoing commitment to community, an extension of the Greek 2 Monumental Lawn (Koimhthpia) at Woronora Memorial Park and Crematorium is being developed.

Project overview

The extension forms part of an overall Western expansion Section Development, providing an additional 240 burial plots while bringing the site up to current safety standards. The works are scheduled to commence on 22 June, taking approximately 12 weeks to complete.

Visitor access

Families can still visit loved ones in close by areas, however access near some memorial locations may be temporarily restricted. Please contact the administration team before visiting.

Traffic changes

Detours will be in place around the work site with signage directing traffic. Please be vigilant and follow the traffic management plan.

Service disruption

Our operations and customer services teams will work closely with funeral directors and families to ensure all burial services in surrounding areas can proceed safely and respectfully.

Contact us

Please contact the Woronora Memorial Park and Crematorium administration office team for more information.
