Project update at Rookwood General Cemetery and Crematorium

Muslim 8 extension

Metropolitan Memorial Parks

As part of Metropolitan Memorial Parks' ongoing commitment to community, an extension of the Muslim 8 section is being developed.

Project overview

The extension will provide 133 additional burial plots, (62 adults and 71 babies) for the Islamic community, while bringing the site up to current safety standards.

The works include extending existing monumental lawn beams, concrete accessways, plumbing, landscaping and turfing.

Schedule

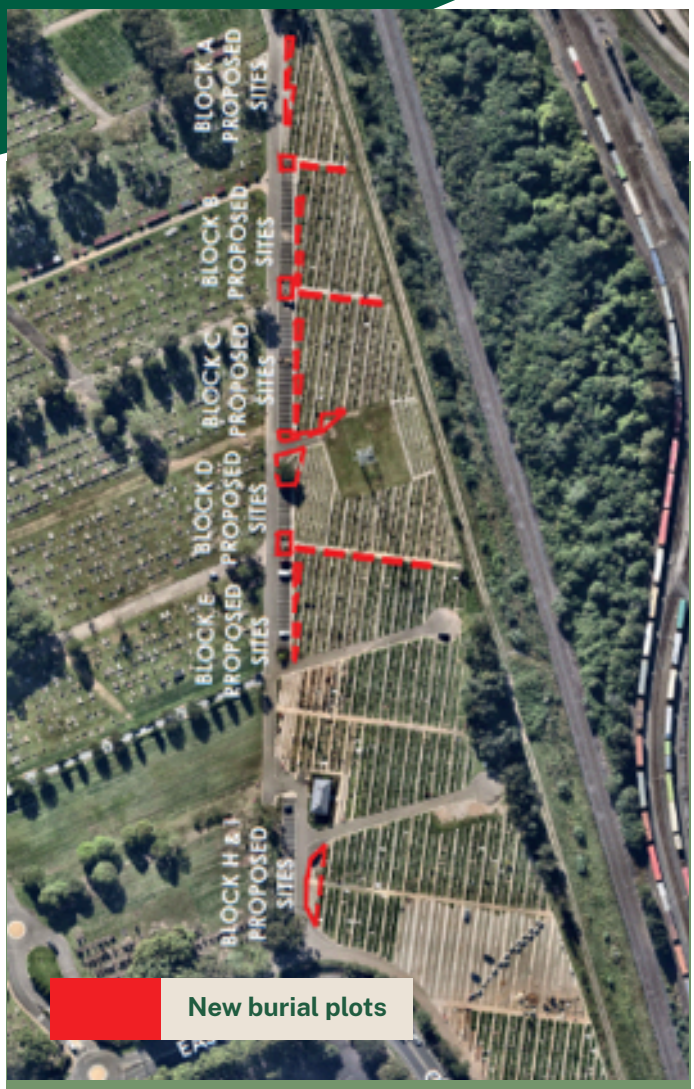

Works will commence on Tuesday 24 November and run for approximately 8-10 weeks, expected to finish on 30 January 2027.

Disruptions

During the works period, there may be some temporary impacts to access in nearby areas on different days.

Families will continue to be supported, with arrangements in place to minimise disruption for visits and scheduled services.

Our Operations and Customer Service teams will work closely with funeral directors and families to ensure burial services continue to be conducted safely and respectfully.
